**Letters to The Editor**

Aug. 8, 1958

The Editor:  
In your lead article of August 8, you discussed the controversy about the teacher who was fired for not maintaining discipline in her kindergarten class. It was stated that 24 parents of children in the teacher's class were protesting to the Board of Education, etc., without being asked to do so by the teacher.

Is it possible that there may be some ulterior motives of these "protesting parents" to discredit the public school system?

May I ask if you know how many of the protesting parents plan to send their children to the first grade of this school?

It is a common practice for some parents who plan to send their children to religious schools, which begin in the first grade, to send their children to public schools for kindergarten.

In my opinion, these people would not be unhappy to see the public school system embarrassed.

Also, may I ask if these 24 "protesting parents" have common religious views?

Dear Editor:

Please accept my sincere appreciation, on behalf of a grateful organization, for the terrific support given our Torrance Ranchero Days Celebration by the Torrance Press.

The Torrance Chamber of Commerce is proud of its association with your fine paper. Our thanks too, for the 28 community organizations that assisted in making the event the success it was. As you know, some \$2000 was raised, which will defray close to 50 per cent of our Tournament of Roses Float.

Thanking you and a fine staff for your continued cooperation and civic-consciousness, I remain Sincerely yours,  
Fred W. Mill  
President.
